> > PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD APRIL 27, 2000

This Proxy Statement is furnished to shareholders of Gulf Island Fabrication, Inc. (the "Company") in connection with the solicitation of proxies on behalf of the Company's Board of Directors for use at its annual meeting of shareholders to be held at the date, time and place set forth in the accompanying notice and at any adjournment thereof (the "Meeting"). The date of this Proxy Statement is March 24, 2000.

On March 10, 2000, the record date for determining shareholders entitled to notice of and to vote at the Meeting, the Company had outstanding 11,638,400 shares of common stock ("Company Stock"), each of which is entitled to one vote on all matters to be considered at the Meeting.

Shares represented by all properly executed proxies on the enclosed form received in time for the Meeting will be voted at the Meeting. A proxy may be revoked at any time before it is exercised by filing with the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the Meeting and voting in person. Unless revoked, the

proxy will be voted as specified and, if no specifications are made, will be voted in favor of the proposed nominees and for the ratification of the appointment of auditors as described herein.

The cost of soliciting proxies in the enclosed form will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, telefax and telegraph. Banks, brokerage houses and other institutions, nominees and fiduciaries will be requested to forward solicitation materials to the beneficial owners of the shares of Common Stock of the Company; upon request, the Company will reimburse such persons for reasonable out-of-pocket expenses incurred in connection therewith.

ELECTION OF DIRECTORS

The Company's Amended and Restated Articles of Incorporation provide for a Board of Directors consisting of three classes, with the number of directors to be set forth in the By-laws. The By-laws provide for a Board of Directors of seven persons. The term of office of the Class III directors will expire at the Meeting, and the persons listed as the Class III nominees in the table below will be nominated for election to the Board of Directors for a term expiring in 2003. The term of office of the Class I directors will expire at the 2001 annual meeting. The term of office of the Class II directors will expire at the 2002 annual meeting.

The Board of Directors has nominated three candidates for election at the Meeting and recommends that shareholders vote FOR the election of the nominees. Proxies cannot be voted for more than three candidates. In the absence of contrary instructions, the proxy holders will vote for the election of the three nominees listed below. In the unanticipated event that any nominee is unavailable as a candidate for director, the persons named in the accompanying proxy will vote for a substitute candidate nominated by the Board of Directors.

The following table sets forth as of January 1, 2000, for each nominee, each other director of the Company whose term will continue after the Meeting and each of the executive officers of the Company, the age, positions with the Company, and principal occupations and employment during the past five years of each such person, any family relationships among such persons, and, if a nominee or a director, each person's directorships in other public corporations and the year that he was first elected a director of the Company or its predecessor. All executive officers serve at the pleasure of the Board of Directors of the Company.

During 1999, the Board of Directors of the Company held five meetings. The Board of Directors has an Audit Committee (the "Audit Committee"), of which Mr. Cotter, Chairman, Mr. Fairley, and John P. Laborde are members, and a Compensation Committee (the "Compensation Committee"), of which Mr. Wilson, Chairman, Mr. Cotter, Mr. Kelly, and Alden J. Laborde, are members. The Board of Directors does not have a

2

Nominating Committee. The Audit Committee, which met twice during 1999, reviews the Company's annual audit and meets with the Company's independent auditors to review the Company's internal controls and financial management practices. The Compensation Committee, which met twice during 1999, recommends to the Board of Directors compensation for the Company's key employees, administers the Company's stock incentive plan, and performs such other functions as may be prescribed by the Board of Directors. The composition of Board committees is reviewed and re-determined each year at the initial meeting of the Board after the annual meeting of shareholders. Each of the present directors attended at least 75% of the aggregate number of the 1999 meetings of the Board and of the committees on which he served during the periods of his Board membership and committee service except Mr. Kelly, who attended four of the five Board meetings and one of the two Compensation Committee meetings.

For services as Chairman of the Board during 1999, Alden J. Laborde received fees of \$73,667. Effective June, 1999, compensation arrangement for Alden J. Laborde's services as Chairman of the Board was changed from an annual fee of \$100,000 to the same compensation arrangement for each of the other non-employee directors. Each other non-employee director receives an annual fee of \$12,000 for his services as a director and an attendance fee of \$1,000 for each Board or committee meeting. All directors are reimbursed for reasonable out-of-pocket expenses incurred in attending Board and committee meetings.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers, controller, and beneficial owners of more than 10% of the Common Stock to file certain beneficial ownership reports with the Securities and Exchange Commission. Each of Messrs. Chauvin, Downey, Bourke and Gallagher, failed to file timely a statement on Form 5 for 1999, reporting the granting of employee stock options. These transactions were reported late on a Form 4 filed for March 2000.

using a ratio of actual income before taxes to a designated benchmark of income before taxes (the "Benchmark"). The Target Portion of Base Salary for 1999 was 50% for Mr. Chauvin and 40% for each of Messrs. Downey, Bourke and Gallagher. The Benchmark for 1999 was approximately \$14.1 million. As bonuses for 1999, each executive officer, including Mr. Chauvin, received 2% of his Target Portion of Base Salary for each percentage point by which actual consolidated income before taxes exceeded 50% of the Benchmark reduced by 10% for each 1% reduction in return on equity from 15% to 5%.

Chauvin, Downey, Bourke and Gallagher, respectively, under a long-term disability insurance plan, which premium payments are attributable to benefits in excess of those benefits provided generally for other employees.
- (3) Mr. Downey served as Vice President--Operations of the Company until December 31, 1999.

- (1) Each of the stock options granted in 1999 by the Company to the Named Executive Officers will become exercisable over a five-year period. The stock options will become immediately exercisable in their entirety upon (i) a reorganization, merger or consolidation of the Company in which the Company is not the surviving entity, (ii) the sale of all or substantially all of the assets of the Company, (iii) a liquidation or dissolution of the Company, (iv) a person or group of persons, other than Alden J. Laborde or Huey J. Wilson or any employee benefit plan of the Company, becoming the beneficial owner of 30% or more of the Company's voting stock or (v) the replacement of a majority of the Board of Directors in a contested election (a "Significant Transaction"). The Compensation Committee also has the authority to take several actions regarding outstanding stock options upon the occurrence of a Significant Transaction, including requiring that outstanding stock options remain exercisable only for a limited time, providing for mandatory conversion of outstanding stock options in exchange for either a cash payment or Common Stock, making equitable adjustments to stock options or providing that outstanding stock options will become stock options relating to securities to which a participant would have been entitled in connection with the Significant Transaction if the stock options had been exercised.
- (2) The Black-Scholes option-pricing model was used to determine the grant date present value of the stock options granted in 1999 by the Company to the Named Executive Officers. Under the Black-Scholes option-pricing model, the grant date present value of each stock option referred to in the table was calculated to be \$5.18. The following facts and assumptions were used in making such calculation: (i) an exercise price of \$7.125 for each such stock option; (ii) a fair market value of \$7.125 for one share of Common Stock on the date of grant; (iii) no dividend payments on Common Stock; (iv) a stock option term of 10 years; (v) a stock volatility of 64.1%, based on an analysis of monthly closing stock prices of shares of Common Stock during a 33-month period; and (vi) an assumed risk-free interest rate of 6.93%, which is equivalent to the yield on a ten-year treasury note on the date of grant. No other discounts or restrictions

related to vesting or the likelihood of vesting of stock options were applied. The resulting grant date present value of \$5.18 for each stock option was multiplied by the total number of stock options granted to each of the Named Executive Officers to determine the total grant date present value of such stock options granted to each Named Executive Officer, respectively.

Compensation Committee Interlocks and Insider Participation

Huey J. Wilson, Chairman, Gregory J. Cotter, Hugh J. Kelly, and Alden J. Laborde who comprise the Compensation Committee, are non-employee directors of the Company. Alden J. Laborde has been Chairman of the Board of the Company since 1986 and was Chief Executive Officer of the Company from 1986 to 1990.

In connection with the initial public offering of its Common Stock, the Company entered into registration rights agreements (the "Registration Rights Agreements") with Alden J. Laborde and Huey J. Wilson, pursuant to which each of them has one remaining right to require the Company to register shares of Common Stock owned by him under the Securities Act. If either one of them makes such a demand, the other one is entitled to include his shares in such registration. If the Company proposes to register any Common Stock under the Securities Act in connection with a public offering, each of Messrs. Laborde and Wilson may require the Company to include all or a portion of the shares of Common Stock held by such shareholder. The Company has agreed under the Registration Rights Agreements to pay all the expenses of registration, other than underwriting discounts and commissions.

Compensation Committee Report on Executive Compensation

The Compensation Committee has the authority, among other things, to review, analyze, and recommend compensation programs to the Board of Directors and to administer and grant awards under the Company's employee benefit plans.

Four directors of the Company, Huey J. Wilson, Gregory J. Cotter, Hugh J. Kelly, and Alden J. Laborde, comprise the Compensation Committee. Mr. Laborde is Chairman of the Board of the Company and was Chief Executive Officer of the Company from 1986 to 1990. Neither Mr. Wilson, Mr. Cotter, nor Mr. Kelly are present or former officers of the Company, and none of the members of the Compensation Committee are employees of the Company.

The Company's executive compensation is comprised primarily of (i) salaries, (ii) annual cash incentive bonuses and (iii) long-term incentive compensation in the form of stock options granted under the Long-Term Incentive Plan of the Company. The salaries of Kerry J. Chauvin, the President and Chief Executive Officer, and the other executive officers of the Company are based on their levels of responsibility and the subjective assessment of their performance.

The Company has no formal bonus plan, but it has adopted an executive compensation policy that ties a portion of executive compensation to the short-term performance of the Company. This policy is described in footnote 1 to the "Summary Compensation Table".

7

The Company also provides long-term incentives to executive officers in the form of stock options granted under the Long-Term Incentive Plan. The stock option awards are intended to reinforce the relationship between compensation and increases in the market price of the Company's common stock and to align the executive officers' financial interests with those of the Company's

stockholders. The size of awards is based upon the position of each participating officer and a subjective assessment of each participant's individual performance. The table entitled "Option Grants in 1999" under the heading "Executive Compensation" sets forth the stock options granted in 1999 to four executive officers, including Mr. Chauvin, the Chief Executive Officer, based upon position and subjective assessment.

Section $162 \, (m)$ of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to certain highly compensated executive officers. Qualified performance-based compensation is excluded from this deduction limitation if certain requirements are met. No executive officer of the Company reached the deductibility limitation for 1999. The Compensation Committee believes that the stock options granted to executive officers, as discussed above, qualify for the exclusion from the deduction limitation under Section $162 \, (m)$. The Compensation Committee anticipates that the remaining components of individual executive compensation that do not qualify for an exclusion from Section 162 (m) should not exceed \$1 million in any year and therefore will continue to qualify for deductibility.

The following graph compares the cumulative total stockholder return on the Common Stock from April 3, 1997, which is the date that the Common Stock was initially offered to the public and registered pursuant to Section 12 of the Securities Exchange Act of 1934, to December 31, 1999, with the cumulative total return of the Standard & Poor's 500 Stock Index and Standard & Poor's 500 Oil & Gas (Drilling & Equipment) Index for the same period. RATIFICATION OF THE APPOINTMENT OF AUDITORS

The Board of Directors seeks shareholder ratification of the Board's appointment of Ernst & Young LLP to act as the independent auditors of the financial statements of the Company and its subsidiaries for 2000. The Board has not determined what, if any, action would be taken should the appointment of Ernst & Young LLP not be ratified. One or more representatives of Ernst & Young LLP will be available at the Meeting to respond to appropriate questions, and those representatives will also have an opportunity to make a statement.

OTHER MATTERS

Quorum and Voting

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum.

Shareholders voting, or abstaining from voting, by proxy on any issue will be counted as present for purposes of constituting a quorum. If a quorum is present, (i) the election of the three directors to be elected at the Meeting will be determined by plurality vote (that is, the three nominees receiving the largest number of votes will be elected) and (ii) a majority of votes actually cast will decide any other matter properly brought before the Meeting for a vote of shareholders. Shareholders for which proxy authority to vote for any nominee for election as a director is withheld by the shareholder and shares that have not been voted by brokers who may hold shares on behalf of the beneficial owners ("broker non-votes") will not be counted as voted for the affected nominee. With respect to all other matters, shares not voted as a result of abstentions will have the same effect as votes against those matters, but broker non-votes will not be considered as voted for purposes of determining whether or not a majority of votes were cast for such matters.

Other Business

Management has not received any notice that a shareholder desires to present any matter for action by shareholders at the Meeting and is unaware of any matter for action by shareholders at the Meeting other than the matters described in the accompanying notice. The enclosed proxy will, however, confer discretionary authority with respect to any other matter that may properly come before the Meeting or any adjournment thereof. It is the intention of the persons named in the enclosed proxy to vote in accordance with their best judgment on any such matter.

Shareholder Proposals

Any shareholder who desires to present a proposal qualified for inclusion in the Company's proxy materials for the annual meeting of shareholders to be held in 2001 (the "2001 Annual Meeting") must forward the proposal in writing to the Secretary of the Company at the address shown on the first page of this proxy statement in time to arrive at the Company no later than November 27, 2000. The Amended and Restated Articles of Incorporation of the Company provide that shareholders intending to nominate a director must furnish timely written notice containing specified information concerning, among other things, information about the nominee and the shareholder making the nomination. In general, to be timely a shareholder's notice must be received by the Secretary of the Company not less than $45~\mathrm{days}$ nor more than $90~\mathrm{days}$ prior to the shareholder's meeting.
