NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD APRIL 25, 2001

TO THE SHAREHOLDERS OF GULF ISLAND FABRICATION, INC.:

The annual meeting of shareholders of Gulf Island Fabrication, Inc. (the "Company") will be held at 10:00 a.m., local time, on Wednesday, April 25, 2001, at the office of the corporation, 583 Thompson Road, Houma, Louisiana for the following purposes, more fully described in the accompanying proxy statement:

1. To elect two Class I directors.
2. To ratify the appointment of Ernst & Young LLP as the independent auditors to audit the financial statements of the Company and its subsidiaries for the year 2001.
3. To transact such other business as may properly come before the meeting and any adjournments thereof.

The Board of Directors has fixed the close of business on March 9, 2001 as the record date for the determination of shareholders entitled to notice of and to vote at the annual meeting and all adjournments thereof.

Your vote is important regardless of the number of shares you own. Whether or not you plan to attend the annual meeting, please mark, date and sign the enclosed proxy card and return it promptly in the enclosed stamped envelope. Furnishing the enclosed proxy will not prevent you from voting in person at the meeting should you wish to do so.

By Order of the Board of Directors

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD APRIL 25, 2001

This Proxy Statement is furnished to shareholders of Gulf Island Fabrication, Inc. (the "Company") in connection with the solicitation of proxies on behalf of the Company's Board of Directors for use at its annual meeting of shareholders to be held at the date, time and place set forth in the accompanying notice and at any adjournment thereof (the "Meeting"). The date of this Proxy Statement is March 23, 2001.

On March 9, 2001, the record date for determining shareholders entitled to notice of and to vote at the Meeting, the Company had outstanding 11,700,592 shares of common stock ("Company Stock"), each of which is entitled to one vote on all matters to be considered at the Meeting.

Shares represented by all properly executed proxies on the enclosed form received in time for the Meeting will be voted at the Meeting. A proxy may be revoked at any time before it is exercised by filing with the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the Meeting and voting in person. Unless revoked, the proxy will be voted as specified and, if no specifications are made, will be voted in favor of the proposed nominees and for the ratification of the appointment of auditors as described herein.

The cost of soliciting proxies in the enclosed form will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, telefax and telegraph. Banks, brokerage houses and other institutions, nominees and fiduciaries will be requested to forward solicitation materials to the beneficial owners of the shares of Common Stock of the Company; upon request, the Company will reimburse such persons for reasonable out-of-pocket expenses incurred in connection therewith.

ELECTION OF DIRECTORS

The Company's Amended and Restated Articles of Incorporation provide for a Board of Directors consisting of three classes, with the number of directors to be set forth in the By-laws. The By-laws provide for a Board of Directors of seven persons. The term of office of the Class I directors will expire at the Meeting, and the persons listed as the Class I nominees in the table below will be nominated for election to the Board of Directors for a term expiring in 2004. The term of office of the Class II directors will expire at the 2002 annual meeting. The term of office of the Class III directors will expire at the 2003 annual meeting.

The Board of Directors has nominated two candidates for election at the Meeting and recommends that shareholders vote FOR the election of the nominees. Proxies cannot be voted for more than two candidates. In the absence of contrary instructions, the proxy holders will vote for the election of the two nominees listed below. In the unanticipated event that either nominee is unavailable as a candidate for director, the persons named in the accompanying proxy will vote for a substitute candidate nominated by the Board of Directors.

The following table sets forth as of February 1, 2001, for each nominee, each other director of the Company whose term will continue after the Meeting and each of the executive officers of the Company, the age, positions with the Company, and principal occupations and employment during the past five years of each such person, any family relationships among such persons, and, if a nominee or a director, each person's directorships in other public corporations and the year that he was first elected a director of the Company or its predecessor. All executive officers serve at the pleasure of the Board of Directors of the Company.

During 2000, the Board of Directors of the Company held six meetings. The Board of Directors has an Audit Committee (the "Audit Committee"), of which Gregory J. Cotter, Chairman, Thomas E. Fairley, and Hugh J. Kelly are members, and a Compensation Committee (the "Compensation Committee"), of which Huey J. Wilson, Chairman, Mr. Cotter, Alden J. Laborde, and John P. Laborde, are members. The Board of Directors does not have a Nominating Committee. The Audit Committee, which met twice during 2000, reviews the Company's annual audit and meets with the Company's independent auditors to review the Company's internal controls and financial management practices. The Compensation Committee, which met twice during 2000, recommends to the Board of Directors compensation for the Company's key employees, administers the

Company's stock incentive plan, and performs such other functions as may be prescribed by the Board of Directors. The composition of Board committees is reviewed and re-determined each year at the initial meeting of the Board after the annual meeting of shareholders. Each of the present directors attended at least 75% of the aggregate number of the 2000 meetings of the Board and of the committees on which he served during the periods of his Board membership and committee service.

In 2000 each non-employee director received an annual fee of \$12,000 for his services as a director and an attendance fee of \$1,000 for each Board or committee meeting. In 2001 each non-employee director will receive \$15,000 for his services as a director and an attendance fee of \$1,200 for each Board or committee meeting. All directors are reimbursed for reasonable out-of-pocket expenses incurred in attending Board and committee meetings.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers, controller, and beneficial owners of more than 10% of the Common Stock to file certain beneficial ownership reports with the Securities and Exchange Commission. Each of Messrs. Chauvin, Bourke and Gallagher failed to file timely a statement on Form 5 for 2000 reporting a grant of employee stock options. These transactions were reported late on a Form 4 filed for February 2001.

STOCK OWNERSHIP

The following table sets forth, as of February 1, 2001, certain information regarding beneficial ownership of Company Common Stock by (i) each director of the Company, (ii) each executive officer of the Company, (iii) all directors and executive officers of the Company as a group, and (iv) each other shareholder known by the Company to be the beneficial owner of more than 5% of the outstanding Common Stock. Unless otherwise indicated, the Company believes that the shareholders listed below have sole investment and voting power with respect to their shares based on information furnished to the Company by such shareholders.

- (1) Each of the stock options granted in 2000 by the Company to the Named Executive Officers will become exercisable over a five-year period. The stock options will become immediately exercisable in their entirety upon (i) a reorganization, merger or consolidation of the Company in which the Company is not the surviving entity, (ii) the sale of all or substantially all of the assets of the Company, (iii) a liquidation or dissolution of the Company, (iv) a person or group of persons, other than Alden J. Laborde or Huey J. Wilson or any employee benefit plan of the Company, becoming the beneficial owner of 30% or more of the Company's voting stock or (v) the replacement of a majority of the Board of Directors in a contested election (a "Significant Transaction"). The Compensation Committee also has the authority to take several actions regarding outstanding stock options upon the occurrence of a Significant Transaction, including requiring that outstanding stock options remain exercisable only for a limited time, providing for mandatory conversion of outstanding stock options in exchange for either a cash payment or Common Stock, making equitable adjustments to stock options or providing that outstanding stock options will become stock options relating to securities to which a participant would have been entitled in connection with the Significant Transaction if the stock options had been exercised.
- (2) The Black-Scholes option-pricing model was used to determine the grant date present value of the stock options granted in January 2000 by the Company to the Named Executive Officers. Under the Black-Scholes option-pricing model, the grant date present value of each stock option referred to in the table was calculated to be \$6.48. The following facts and assumptions were used in making such calculation: (i) an exercise price of \$9.50 for each such stock option; (ii) a fair market value of \$9.50 for one share of Common Stock on the date of grant; (iii) no dividend payments

on Common Stock; (iv) a stock option term of 10 years; (v) a stock volatility of 58.8%, based on an analysis of monthly closing stock prices of shares of Common Stock during a 45-month period; and (vi) an assumed risk-free interest rate of 5.79%, which is equivalent to the yield on a ten-year treasury note on the date of grant. No other discounts or restrictions related to vesting or the likelihood of vesting of stock options were applied. The resulting grant date present value of \$6.48 for each stock option was multiplied by the total number of stock options granted to each of the Named Executive Officers to determine the total grant date present value of such stock options granted to each Named Executive Officer, respectively.

- (3) The Black-Scholes option-pricing model was used to determine the grant date present value of the stock options granted in November 2000 by the Company to the Named Executive Officers. Under the Black-Scholes option-pricing model, the grant date present value of each stock option referred to in the table was calculated to be \$10.23. The following facts and assumptions were used in making such calculation: (i) an exercise price of \$15.00 for each such stock option; (ii) a fair market value of \$15.00 for one share of Common Stock on the date of grant; (iii) no dividend payments on Common Stock; (iv) a stock option term of 10 years; (v) a stock volatility of 58.8%, based on an analysis of monthly closing stock prices of shares of Common Stock during a 45-month period; and (vi) an assumed risk-free interest rate of 5.80%, which is equivalent to the yield on a ten-year treasury note on the date of grant. No other discounts or restrictions related to vesting or the likelihood of vesting of stock options were applied. The resulting grant date present value of \$10.23 for each stock option was multiplied by the total number of stock options granted to each of the Named Executive Officers to determine the total grant date present value of such stock options granted to each Named Executive Officer, respectively.

6

Compensation Committee Interlocks and Insider Participation

Huey J. Wilson, Chairman, Gregory J. Cotter, Alden J. Laborde, and John P. Laborde, who comprise the Compensation Committee, are non-employee directors of the Company. Alden J. Laborde has been Chairman of the Board of the Company since 1986 and was Chief Executive Officer of the Company from 1986 to 1990.

In connection with the initial public offering of its Common Stock, the Company entered into registration rights agreements (the "Registration Rights Agreements") with Alden J. Laborde and Huey J. Wilson, pursuant to which each of them has one remaining right to require the Company to register shares of Common Stock owned by him under the Securities Act. If either one of them makes such a demand, the other one is entitled to include his shares in such registration. If the Company proposes to register any Common Stock under the Securities Act in connection with a public offering, each of Messrs. Laborde and Wilson may require the Company to include all or a portion of the shares of Common Stock held by such shareholder. The Company has agreed under the Registration Rights Agreements to pay all the expenses of registration, other than underwriting discounts and commissions.

Compensation Committee Report on Executive Compensation

The Compensation Committee has the authority, among other things, to review, analyze, and recommend compensation programs to the Board of Directors and to administer and grant awards under the Company's employee benefit plans.

Four directors of the Company, Huey J. Wilson, Gregory J. Cotter, Alden J. Laborde, and John P. Laborde, comprise the Compensation Committee. Alden J.

Laborde is Chairman of the Board of the Company and was Chief Executive Officer of the Company from 1986 to 1990. Neither Mr. Wilson, Mr. Cotter, nor John P. Laborde are present or former officers of the Company, and none of the members of the Compensation Committee are employees of the Company.

The Company's executive compensation is comprised primarily of (i) salaries, (ii) annual cash incentive bonuses and (iii) long-term incentive compensation in the form of stock options granted under the Long-Term Incentive Plan of the Company. The salaries of Kerry J. Chauvin, the President and Chief Executive Officer, and the other executive officers of the Company are based on their levels of responsibility and the subjective assessment of their performance.

The Company has no formal bonus plan, but it has adopted an executive compensation policy that ties a portion of executive compensation to the short-term performance of the Company. This policy is described in footnote 1 to the "Summary Compensation Table."

7

The Company also provides long-term incentives to executive officers in the form of stock options granted under the Long-Term Incentive Plan. The stock option awards are intended to reinforce the relationship between compensation and increases in the market price of the Company's common stock and to align the executive officers' financial interests with that of the Company's stockholders. The size of awards is based upon the position of each participating officer and a subjective assessment of each participant's individual performance. The table entitled "Option Grants in 2000" under the heading "Executive Compensation" sets forth the stock options granted in 2000 to three executive officers, including Mr. Chauvin, the Chief Executive Officer, based upon position and subjective assessment.

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to certain highly compensated executive officers. Qualified performance-based compensation is excluded from this deduction limitation if certain requirements are met. No executive officer of the Company reached the deductibility limitation for 2000. The Compensation Committee believes that the stock options granted to executive officers, as discussed above, qualify for the exclusion from the deduction limitation under Section 162(m). The Compensation Committee anticipates that the remaining components of individual executive compensation that do not qualify for an exclusion from Section 162(m) should not exceed \$1 million in any year and therefore will continue to qualify for deductibility.

Performance Graph

The following graph compares the cumulative total stockholder return on the Common Stock from April 3, 1997, which is the date that the Common Stock was initially offered to the public and registered pursuant to Section 12 of the Securities Exchange Act of 1934, to December 31, 2000, with the cumulative total return of the Standard & Poor's 500 Stock Index and Standard & Poor's 500 Oil & Gas (Drilling & Equipment) Index for the same period. The returns are based on an assumed investment of \$100 on April 3, 1997 in Common Stock and in each of the indexes and on the assumption that dividends were reinvested.

Audit Committee Report

The Audit Committee of the Board of Directors of the Company (the "Audit Committee") is composed of three directors and operates under a written charter adopted by the Board of Directors, which is attached as Appendix A to this proxy statement. The members of the Audit Committee are independent for purposes of the National Association of Security Dealers' listing standards. The members of the Audit Committee are Gregory J. Cotter, Chairman, Thomas E. Fairley, and Hugh J. Kelly. The Audit Committee recommends to the Board of Directors, subject to shareholder ratification, the selection of the independent auditors of the Company.

Management is responsible for the internal controls and the financial reporting process of the Company. The independent auditors are responsible for performing an independent audit of the consolidated financial statements of the Company in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and to oversee these processes.

In this context, the Audit Committee met and held discussions with management and the independent auditors. Management represented to the Committee that the consolidated financial statements of the Company for 2000 were prepared in accordance with generally accepted accounting principles, and the Audit Committee reviewed and discussed the audited consolidated financial statements for 2000 with management and the independent auditors. The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgements as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The independent auditors of the Company also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence. The Audit Committee considered whether the provision of the services covered below under the caption "All Other Fees" is compatible with maintaining the principal auditor's independence.

Based upon the Audit Committee's review and discussions described above and the Audit Committee's review of the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Annual Report on Form 10-K of the Company for the year ended December 31, 2000 filed with the Securities and Exchange Commission.

RATIFICATION OF THE APPOINTMENT OF AUDITORS

The Board of Directors seeks shareholder ratification of the Board's appointment of Ernst & Young LLP to act as the independent auditors of the financial statements of the Company and its subsidiaries for 2001. The Board has not determined what, if any, action would be taken should the appointment of Ernst & Young LLP not be ratified. One or more representatives of Ernst & Young LLP will be available at the Meeting to respond to appropriate questions, and those representatives will also have an opportunity to make a statement.

Audit Fees

The aggregate fees billed by Ernst & Young LLP for professional services rendered for the audit of the annual financial statements of the Company for 2000 and the reviews of the financial statements included in the quarterly reports on Form 10-Q of the Company for 2000 were \$59,000.

All Other Fees

The aggregate fees billed for all other services rendered by Ernst & Young LLP for 2000 were \$86,000.

OTHER MATTERS

Quorum and Voting

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum. Shareholders voting, or abstaining from voting, by proxy on any issue will be counted as present for purposes of constituting a quorum. If a quorum is present, (i) the election of the two directors to be elected at the Meeting will be determined by plurality vote (that is, the two nominees receiving the largest number of votes will be elected) and (ii) a majority of votes actually cast will decide any other matter properly brought before the Meeting for a vote of shareholders. Shareholders for which proxy authority to vote for any nominee for election as a director is withheld by the shareholder and shares that have not been voted by brokers who may hold shares on behalf of the beneficial owners ("broker non-votes") will not be counted as voted for the affected nominee. With respect to all other matters, shares not voted as a result of abstentions will have the same effect as votes against those matters, but broker non-votes will not be considered as voted for purposes of determining whether or not a majority of votes were cast for such matters.

Other Business

Management has not received any notice that a shareholder desires to present any matter for action by shareholders at the Meeting and is unaware of any matter for action by shareholders at the Meeting other than the matters described in the accompanying notice. The enclosed proxy will, however, confer discretionary authority with respect to any other matter that may properly come before the Meeting or any adjournment thereof. It is the intention of the persons named in the enclosed proxy to vote in accordance with their best judgment on any such matter.

Shareholder Proposals

Any shareholder who desires to present a proposal qualified for inclusion in the Company's proxy materials for the annual meeting of shareholders to be held in 2002 (the "2002 Annual Meeting") must forward the proposal in writing to the Secretary of the Company at the address shown on the first page of this proxy statement in time to arrive at the Company no later than November 23, 2001. The Amended and Restated Articles of Incorporation of the Company provide that shareholders intending to nominate a director must furnish timely written notice containing specified information concerning, among other things, information about the nominee and the shareholder making the nomination. In general, to be timely a shareholder's notice must be received by the Secretary of the Company not less than 45 days nor more than 90 days prior to the shareholder's meeting. The Company will be permitted to disregard any nomination that fails to comply with these procedures. Proxies solicited on behalf of the Board of Directors for the 2002 Annual Meeting will confer discretionary authority to vote with respect to any other matter properly submitted by a shareholder for action at the 2002 Annual Meeting if the Company does not, on or before February 6, 2002, receive written notice, addressed to the Secretary of the Company at the address shown on the first page of this proxy statement, that the shareholder intends to do so.

THE CHARTER OF
THE AUDIT COMMITTEE OF
THE BOARD OF DIRECTORS OF
GULF ISLAND FABRICATION, INC.

Organization

This charter governs the operations of the audit committee. The charter complies with certain rules adopted by the Securities and Exchange Commission, the Auditing Standards Board, and the National Association of Securities Dealers, Inc. (the "NASD") relevant to audit committees, including rules derived from recommendations made by the Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees. The committee shall review and reassess the charter at least annually and report its recommendations to the board of directors. The committee shall be appointed by the board of directors and shall comprise at least three directors, each of whom shall be an "independent director" under NASD Rule 4200(a)(14). All committee members shall meet the financial literacy requirements set forth in the first sentence of NASD Rule 4310(c)(26)(B)(i), and at least one member shall have the accounting or related financial management expertise described in the second sentence of NASD Rule 4310(c)(26)(B)(i).

Statement of Policy

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, and the annual independent audit of the Company's financial statements. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors, the internal auditors and management of the Company. In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel or other experts for this purpose.

Responsibilities and Processes

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. The committee in carrying out its responsibilities believes its policies and procedures should remain flexible in order to react to changing conditions and circumstances.

The following shall be the principal recurring processes of the audit committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

- . The committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the board and the audit committee, as representatives of the Company's shareholders. The board and the committee shall have the ultimate authority and responsibility to select, to evaluate and, if appropriate, to replace the independent auditors. The committee shall (i) receive from the auditors the letter and the written disclosures delineating all relationships between the auditor and the Company, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, (ii) discuss with the auditors their independence from management and the Company and the matters included in those written disclosures, including any disclosed relationships or services that may impact the objectivity and independence of the auditor, and (iii) take, or recommend that the board take, appropriate action to oversee the independence of the auditor. Annually, the committee shall review and recommend to the board the selection of the Company's independent auditors, subject to shareholder approval.

A-1

- . The committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing and compensation. The internal audit function may be contracted to a third party, which may be the independent auditors. Also, the committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls. Further, the committee shall meet separately with the internal auditors and the independent auditors, with and without management present, to discuss the results of their examinations.
- . The committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. The chair of the committee may represent the entire committee for the purposes of this review.
- . The committee shall review and discuss with management and the independent auditors the financial statements proposed to be included in the Company's Annual Report on Form 10-K and, based on the review and discussions, recommend to the board whether they are acceptable for inclusion in the Annual Report on Form 10-K. The committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under Statements on Auditing Standard No. 61, Communication with Audit Committees.
